

# HALF OF U. S. NAVAL FORCES TO STAY IN PACIFIC

## FIRST STOWAWAY AND CAT TO MAKE OCEAN AIR FLIGHT

W. W. Ballantine, first aerial stowaway, and "Jazz," the first cat to cross ocean by air route.

W. W. Ballantine is the world's first aerial stowaway and he is shown here with "Jazz," the cat mascot of the British dirigible R-34. "Jazz" is in the same class with Ballantine, for he is the first cat to make an ocean air flight. Ballantine hid in the envelope of the R-34 until it was six hours out. He had previously been dropped from the crew to reduce the weight.

Sailing of Vanguard of Naval Vessels Saturday Morning Bares New Policy.

No Longer Necessary to Keep Bulk of Forces on the Atlantic Coast.

200 War Vessels to Form Pacific Fleet and Remain on the Pacific Coast.

Entire Fleet Formerly Watched Germany--Canal Used.

(By Associated Press)

Old Point Comfort, Va., July 19.—The vanguard of the Pacific Fleet sailed from its anchorage here at 8:30 o'clock this morning bound for the western coast via the Panama Canal.

No unusual ceremonies marked the departure of the six super-dreadnaughts and thirty destroyers and tenders which are leading the way for the 200 naval craft now assigned to Pacific waters.

The beginning of the voyage marks an epoch in American naval history. For the first time, the fleet has been divided with exactly half of its power assigned to guard the western seaboard.

For the first time, also, the strategic value of the canal is to be fully tested when Admiral Hugh Rodman moves his armada through to Pacific waters. And for the first time, Americans of the far west are to see with their own eyes the power of the navy that has been their pride for years.

The fleet moved out promptly at 8:30, led by destroyers and with the battleships following. The destroyers will form a triangle about the battleship division, which will steam in double columns inside this protection at a 12-knot gait.

The sailing of the fleet marks a complete change in naval policy, a change growing out of the defeat of Germany in the great war.

Not while the German fleet existed, nor while German eyes were levelled covetously at the resources of South and Central America, could American naval strength have been divided.

The cruise is to take in Honolulu and other American possessions in the Pacific.

## GREAT STRIKE IS CALLED OFF ALLOVER FRANCE

(By Associated Press)

Paris, July 19.—It was announced early this morning by the Executive Committee of the General Federation of Labor that it had been decided to rescind the call for Monday's general strike.

The announcement followed a meeting of the committee which lasted until after midnight. The National Committee of the Federation will meet here Monday to consider the situation.

### DUKE OF PENTHIEVRE DIES

Paris, July 19.—The Duke of Penthievre of the House of Bourbon Orleans died suddenly Friday at the age of 74 years. He was the son of Francis, Prince of Joinville, son of the Duke of Nemours, and of Princess Francis of Braganza.

## BELA KUN KEEPS UP MURDEROUS WORK OF REDS AS LEADER

Bela Kun, as head of the soviet or Bolshevik government in Russia, is responsible for the untold murders, executions and outrages committed in Hungary under Red rule. He is second only to Trotsky as a Red leader. He served in the Austro-Hungarian army, was captured by the Russians and became secretary to Lenin. The Red reign in Hungary, under his guiding hand, has been as bloody as that in Russia. His troops shoot down citizens without provocation other than resistance to the outrages committed by the Reds. Street battles are frequent in Budapest and other cities.

Bela Kun, head of the soviet government in Hungary, receiving report from one of his aides, and citizens of Vienna caring for other citizens killed by Kun's Bolshevik troops—a common sight.

## COMPTROLLER OF CURRENCY FACES CHARGE

Accused by Congressman who Also Makes Threat.

Claimed Commission on Sale of Government is Charge.

(By Associated Press)

Washington, July 19.—Charges that John Skelton Williams, comptroller of the currency, aided his brother-in-law, Lewis B. Williams, of Richmond, Va., in negotiating for the purchase in Washington of government property valued at \$4,200,000 and received part of the commission for the sale were made before the House Rules Committee today by Representative McFadden, republican, of Pennsylvania.

Mr. McFadden asked that the committee report out his resolution providing for appointment of a special House committee to investigate the official conduct of the comptroller and announced if the investigation was not ordered he would prefer charges on the floor of the House and ask for Mr. Williams' impeachment.

## WILL EDUCATE FATHERLESS GIRLS

(By Associated Press)

Philadelphia, July 19.—The Charles E. Ellis College for the Education of Fatherless Girls is now open. It is located in the beautiful Whittemarsh Valley, four miles north of the Chestnut Hill section of Philadelphia.

Mr. Ellis provided for the maintenance of the college, which he designed to do for girls what Girard College does for boys, by endowing it with \$5,000,000. He died ten years ago. Girls who cannot be supported properly under their present living conditions will be given the opportunity for free education. More than 200 can be accommodated.

### GRASSHOPPERS MENACE CROPS

Chillicothe, July 19.—Watch out for grasshoppers! County Farm Agent L. M. Evans has sent out this warning to Ross county farmers: "Reports are coming in that corn fields, alfalfa fields, young clover and the seed crops of the older clover are alive with the greedy insects and their seriousness will soon be realized," he said.

## ONE MAN KILLED OTHERS INJURED DURING CLASH

Strikers and Strike Breakers Mix-up.

(By Associated Press)

New York, July 19.—One man was fatally wounded and another seriously injured today in a clash between striking marines and strike breakers. Police reserves prevented the fight from becoming more serious. A number of strikers were arrested.

A slight increase in the number of vessels tied up in New York harbor by the strike was reported. Similar reports were received from other ports.

A few coastwise steamers were in service, due to their owners having signed an agreement with the strikers.

## CABINET WILL ASK FOR VOTE OF CONFIDENCE

Vote of Chamber of Deputies Results in Cabinet Asking for Test Vote.

M. Noulens Accepts Portfolio

(By Associated Press)

Paris, July 19.—In view of last night's vote in the Chamber of Deputies, the cabinet has decided to demand a vote of confidence by the Chamber on Tuesday next.

A general debate on the government's policy is considered possible. Joseph J. B. E. Noulens, former ambassador to Russia, has been selected to succeed Victor Boret, the Food Minister, whose policy was adversely voted upon by the chamber. It was announced this afternoon that M. Noulens had accepted the portfolio.

## SUNDRY CIVIL BILL SIGNED

(By Associated Press)

Washington, July 19.—The \$613,000 sundry civil appropriation bill, revised by Congress, was signed today by President Wilson.

## AERIAL MAIL CARRIER FALLS TO HIS DEATH

(By Associated Press)

Bellefonte, Pa., July 19.—Lieutenant Lamborn, 33, of Los Angeles, Cal., an aerial mail carrier flying from this city to Cleveland, was killed this afternoon when his DeHavilland Four machine fell 6,000 feet at Dix Run, at the foot of the Allegheny mountains.

## NO OTHER BILL TO BE ALLOWED TO BLOCK DRYS

Formal Notice Served Prohibition Enforcement Bill Must be Pushed.

Dry Leaders Still Resent Action of Friday.

(By Associated Press)

Washington, July 19.—Dry leaders in the House gave notice today that they would not permit any other measure to obstruct the prohibition enforcement bill.

As the House was ready to resume, Chairman Good of the Appropriations Committee, asked unanimous consent to call up a joint resolution making appropriation bills signed by the President after July 15th retroactive to that date.

Some of the dry leaders still showed resentment of the refusal of majority leaders yesterday to approve a night session.

## CHIEF FIREMEN IN CHICAGO GO OUT ON STRIKE

City Virtually at Mercy of Fire is Claim Made.

Request for Boost in Wages Refused.

(By Associated Press)

Chicago, July 19.—Every engineer and his assistant in the Chicago fire department walked out at 8:00 o'clock this morning in accordance with a decision reached yesterday after the city had declined to meet the demands of the men for higher wages. Two hundred and fifty city employees were affected by the walkouts.

Fire Chief O'Connor said: "In case there should be a fire of great magnitude or if big fires should break out simultaneously in different parts of the city, I fear there might be a catastrophe as result of the situation. If nothing abnormal happens I think the firemen will be able to handle the situation without trouble."

STONYCREEK—Eli Miller, aged 83, for 52 years an elder of St. Jacob's Reformed Church, died here yesterday.

Hold Up and Rob Boat Load of American Sailors at Tampico.

State Department Regards Incident as Most Serious.

Similar Incident Led to Occupation of Vera Cruz.

(By Associated Press)

Washington, July 19.—A boat from the American monitor Cheyenne, flying the American flag and on official duty in the Temesi river near Tampico was held up on July 6th and the American soldiers robbed by an armed band.

The State Department regards the incident as most serious and has dispatched urgent representations to both the Mexican government and the Tampico authorities.

Although the sailors were fishing, they were on official duty the same as was Admiral Mayo's boats were on official duty when they were carrying mail at the time of the flag incident at Tampico in 1914 which led to the occupation of Vera Cruz.

Although the official report does not identify the Mexicans who attacked the boat, War Department advises are that the Carranza forces are in complete control of the Tampico district.

## COL. ANSELL HAS RESIGNED

(By Associated Press)

Washington, July 19.—Lieutenant Colonel Samuel T. Ansell, former acting judge advocate general of the army, and the central figure in the controversy regarding military justice, handed his resignation to Secretary Baker today.

Colonel Ansell is understood to have taken this action in the hope that he might bring more forcefully before the public the fight which he is making to have the rules of military trial radically changed.

## HOPE TO END CHICAGO STRIKE

(By Associated Press)

Chicago, July 19.—Hope of ending the building trade tie-up was expressed today when it was announced that a delegation of members of the building trades council would seek an audience with the contractors who locked the men out in an effort to bring about an agreement.

More than 100,000 men are idle in the building trades and the number is expected to be largely increased today when various supply companies join the builders and cease delivery of materials.

LOGAN—Charlie Poling, living near Falls Mill, is dead, the result of a fractured skull, received when he jumped from a runaway auto Sunday.

# AMERICANS LEAD MARCH IN LONDON'S BIG PARADE

Great Throng Packs Streets of London.

(By Associated Press.)

London, July 19.—Nineteen thousand allied soldiers—picked men from many famous combat divisions—marched through London's streets today in celebration of the return of peace.

The line of parade was more than six miles in length and required over an hour to pass a given point.

The crowds, gathered from all over England, were the largest seen here for a number of years.

The line of march was led by the Americans. The Americans, led by General John J. Pershing, marched in three battalions of 33 officers and 1,100 men each.

### CITIZENS TO PREVENT DISORDER

Florence, July 19.—Fifty thousand armed citizens have been organized here to maintain order in anticipation of the demonstrative strike called by the labor Federation for July 20-21.

## FUNERAL SERVICES LARGELY ATTENDED

The funeral services of Mr. Bert Chaffin were deeply affecting, conducted by Rev. J. L. McWilliams, of the First Presbyterian church, at the home on the Greenfield pike, Friday afternoon at 2:00 o'clock.

The popularity of the sterling young farmer and the high regard in which he had been held was fully attested by the enormous gathering of relatives and friends, not nearly half of whom could be accommodated in the house.

From this city and vicinity, from New Holland, the former home of the Chaffins, from Jeffersonville and every part of the county, friends came to offer farewell tribute and a profusion of beautiful flowers surrounded the casket in fragrant remembrance.

Rev. McWilliams made an eloquent short talk on "the rainbow of promise" and read the hymns: "He Knows It All," "Crossing the Bar," and a memoir ably written by Mrs. Arthur Reed.

The memoir referred with much sympathy to the aged father, John W. Chaffin, the only surviving member of a happy family, which had embodied parents, son and two sisters, Hattie and Myrtle, and to the wife, Mrs. Mae Edge Cochran, who with the only child by Mr. Chaffin's former marriage to Emma Alta Wilson, Leo Carl, are left without the care of a kind and affectionate husband and father.

The memoir dwelt on Mr. Chaffin's many excellent traits and spoke of his being a valued member of Sugar Grove vicinity.

It was during a series of meetings conducted by Rev. D. B. Willhite that both Mr. Chaffin and his wife had been converted and Rev. Willhite being also a neighbor and close friend it was doubly fitting that he made a highly appreciative little talk along the line of his value as a neighbor and a friend, and in competent management of his farming.

A large number accompanied the family to the Washington cemetery for the last sad rites at the grave.

The pallbearers were Rev. Willhite, Messrs. Joseph Sanders, Harry Silcott, Luther Cockerill, Clark and Alva McCoy.

Keep cool and comfortable. Just received a new line of desk fans, several sizes. Call or phone. The Washington Gas & Electric Company.

FORMER FRENCH OFFICIAL DIES.  
Agen, France, July 19.—Senator Joseph Chammie, former minister of justice and former minister of public instruction, died here Friday.

## PROF. PROBASCO SOON TO RETURN

In a letter to a friend in this city, Professor O. K. Probasco, who has been engaged in Y. M. C. A. work overseas for about one year, states that he will return to this city the latter part of this month or first of August.

Professor Probasco says in part: "Today is the day peace is to be signed. We are all anxious. I go to Versailles daily, except Monday, but think I shall go today. The French have placed many captured German cannon in rows between which the German delegates must walk. It is a great sight. I have been in the room where peace will be signed many times."

Upon his return to this city Prof. Probasco will resume his former position as principal of the Washington High School.

### HAVE YOU READ?

"Soldiers of the Sea," the story of the United States Marine Corps, by William J. Abbott.

This is the authoritative story of our crack fighting corps from their exploits under Decatur, down through their experiences in our own day. Major T. G. Sterrett of the U. S. Marines says: "This is an important addition to the military history of our country. Until recently we could search the public libraries of our country almost in vain for works pertaining to the U. S. Marine Corps. Mr. Abbott has rendered a notable service in bringing out a work which will, in thrilling narrative and excitement, resemble the imaginings of a Dumas but which deviates not one jot from historical truth."

## BODY BROUGHT HERE.

The body of Welter Fisher, who died in Indianapolis, Indiana, Thursday morning, arrived in this city on the 5:40 B. & O. train Saturday evening and was taken direct to the home of the mother, Mrs. Hester Fisher, at Good Hope, where short funeral services will be held at two o'clock Sunday afternoon. Burial will be made in the Good Hope cemetery.

Mr. Fisher was a brother of Mr. John Arnold.

## GUARANTORS MEET AND ORGANIZE

At a meeting Friday evening of the guarantors of the Chautauqua with the advertising superintendent of the Coit-Alber Company, Charles H. Large the officers for next year were elected and tickets were given out to the guarantors.

In the election of officers for the guarantors, Ed Fite was chosen chairman; Joe Mark, vice-chairman, and Superintendent McClain secretary and treasurer of the organization.

The season tickets were distributed to the guarantors and the indications are, from advance inquiries, that the tickets will go rapidly.

## GERMAN WOMEN VOTERS NUMEROUS

Berlin, June 19.—(By Mail)—Fifty-four percent of the voters in the last National Assembly election were women. The total number of qualified voters was 37,000,000 as against 14,000,000 in the last Reichstag elections.

Young women proved more ardent voters than youth of the same age. Both wings of the socialists polled forty-five and one half per cent of the total vote.

## MOTOR LORRIES TO CARRY SHOWS

(By Associated Press.)

London, June 25.—(By Mail)—A scheme is on foot here to build theatres on motor lorries for the purpose of touring country districts. It would be a return to the methods of the drama's infancy in England. The old mystery plays of the sixteenth century were performed on platforms on wheels, and the theatre was wheeled from point to point.

## JAPAN PROTECTS CHINA LARGELY FOR OWN GAINS

(By Associated Press)

Tokio, June 12.—(By Mail)—"Japan does not pretend to be wholly selfish in her policy toward China," says the Herald of Asia, a conservative journal of Japanese thought. "Japan is protecting China chiefly for the sake of her own security," the paper continued.

"Japan cannot allow China to barter away her birthright even if she is simple enough to engage in such folly. If China wants to test Japan's sincerity let her refuse all further concessions to occidental nations and secure for all time the inalienation of her territory, and Japan's task in regard to China will be finished."

"It is a question, however, whether, China is yet able to do without the assistance of Japan in keeping foreign nations at bay; and this help, strange to say, is just what China does not want. Is it that China would rather be a slave of the white races than the equal of Japan? We can hardly credit this."

"There is no need for China to be anxious about the return of Kiauchow Japan has promised to restore the territory to China just as soon as China is able to guarantee that it will not again fall into the hands of a third party. What more can China desire? And does justice require more? China talks as if she were an absolutely independent nation, granting concessions to no country. If she will take this attitude toward all western countries, Japan will be ready to concede China her new status. But to show a desire to cast out Japan while leaving the others in place, is something no one can expect Japan to approve."

## MAY EXTERMINATE THE ELEPHANTS

(By Associated Press.)

London, June 20.—(By Mail).—The life of the famous African elephant seems to be in danger for the South African Cape Provincial Council proposes to exterminate those in the Addo Bush Forest, near Port Elizabeth.

For generations past these animals have been a great nuisance to the farmers. They have damaged crops and killed several persons.

The African elephant is noted for its laziness—quite the reverse to its Indian relative who when called upon cheerfully and easily shoulders a burden of a ton or so. However, an effort is to be made to train the young ones for log-hauling in the Cape forests.

The rounding up of the animals has involved the erection of a number of lofty observation towers and so large are the numbers to be killed that the shooting of the animals will take over six months. The natives enjoy elephant's meat and the prospect of an unlimited supply for several months is being eagerly looked forward to.

The Provisional Council's announcement has caused keen regret among naturalists some of whom say that should the threat be carried into effect the elephant, like the mastodon and the ichthyosaurus, may become extinct.

## GOOD LOOKS GO IN TENNIS BOUT

London June 16.—(Correspondence of the Associated Press).—Tennis tournaments rob a pretty girl of her good looks in the opinion of close observers of the game here.

"I have known, pretty girls who after a season or two of tournaments have become so completely changed in appearance and manners that old friends have failed to recognize them," said a well-known player. "The faces become hard and lined, their youthful bloom entirely disappears, and they lose much of their feminine charm. I have told my own daughter that she can play in no more than two tournaments a season. That means she cannot hope to become first-class, but I would prefer her to remain an attractive woman."

## SAVES NINETEEN AWARDED MEDAL

(By Associated Press.)

London, June 29.—(By Mail).—The president of the Board of Trade has recommended to King George that a silver medal be awarded to Lieutenant Ross P. Whitmarsh of the United States navy for gallantry in life saving, when the British steamer Dwinsk was sunk by an enemy submarine in the Atlantic Ocean about a year ago. Lieutenant Whitmarsh was in charge of a life boat in which nineteen British subjects took refuge. The boat encountered a cyclone but the lieutenant brought her through it safely, and the record states that his bravery and devotion saved the lives of all.

## HOSPITAL NOTES

Herbert Magley, the six year old son of Mr. Jess Magley, of Forest street, was operated on at the Fayette Hospital Saturday morning.

## DEPUTIES CALLED BY FALSE ALARM

Upon a call from the Milledgeville community, Friday night, Deputy sheriffs hurried to the scene after an alleged chicken thief, but upon reaching the scene where the supposed robbery occurred, found that no chickens were missing, and that the alarm had been spread as result of a chicken being disturbed by a dog owned by a crippled man who was passing in a wagon.

After satisfying themselves that no stealing had resulted, and officers returned to this city after losing three hours' sleep.

## FIRST ASSEMBLY OF BOY SCOUTS

An enthusiastic gathering marked the first meeting of the Boy Scouts at the Y. M. C. A. Friday evening. The Tenderfoot tests were studied an hour and the meeting was then adjourned to the big tank where the Scouts qualified in swimming. With but two exceptions every boy in the organization was fully capable of swimming one hundred feet.

It is announced that the organization is now well under way and the prospects for a large troop are exceptionally good.

## CAPE TO CAIRO MAIL BY PLANE TO BE REALITY

(By Associated Press.)

London, June 18.—(By Mail).—Despite enormous difficulties being met with in establishing the long air route it is expected that the Cape to Cairo aerial mail service will be in operation before the year is out. The first flight, it is said, probably will be made in October or November.

Partial reports of the African survey parties now in the field detail some of the obstacles that have had to be surmounted. Between Malakal and Gondokoro, about 400 miles, the Nile so inundates the country that no suitable landing place for an airplane could be found. It is therefore proposed to use a flying boat for that stage of the journey.

A month after the signing of the armistice with Turkey the first survey party was ready to start. Two years previously the route from Solum to Cairo had been used by Major MacLaren on his flight from England to Egypt and aerodromes had been built at Solum, Mersa Matruh and at Amria, near Alexandria, while intermediate landing grounds had been cleared for emergency use. An aerodrome had been constructed also at Khartum, in 1915.

For the purpose of the survey, Africa was divided into three sections. One party was assigned to Egypt, the Sudan and as far south as Victoria Nyanza. The second covered the central stretch from Victoria Nyanza, through a part of what was German East Africa to Kituta at the southern end of Lake Tanganyika. A third party inspected the line from Kituta to Cape Town.

## CAMATONE!

## WHAT IS IT?

There has been a great deal of speculation among readers as to the meaning and purpose of the black and mysterious word in its black and sinister box which has been appearing daily in The Herald for the past three weeks.

There have been many amusing guesses. And these have run a long range including automobile-oil, blood tonic and temperance beer. Somewhat it might be a new talking machine, others that it was the trade name of a brand of men's clothing. Still others thought it was some new form of dynamite or blasting powder from its general appearance.

One man ventured the opinion that it was the password of a foreign secret society.

## WHAT IT IS!

As a matter of fact, some persons did guess it—these were customers of ours, who, though they had never heard the word, were acquainted with the process which it represents.

CAMATONE is this: It is a new idea in photographic development, evolved by us and used exclusively by us. It is a photographic tone—a super-tone—found only in work turned out by us.

We have given it a distinctive name because it is a distinctive process. We are proud to be able to offer it to our customers. It is the last word in film development, and you will appreciate the difference between it and ordinary developing.

## Chiropractic For Women

The human back is the same in all people. Chiropractic is uniformly applicable to individuals of all ages and both sexes. The most sickness is perhaps experienced by women. Chiropractic is a boon to womankind. Troubles commonly known as peculiar to women respond readily to Adjustments. Headaches in most instances are quickly and permanently relieved by Adjustments. When we understand that in women in particular, headache is merely an effect of one or of several disorders that may be present in bodily regions remote from the head, the value of Adjustments as a rejuvenator of depleted functional derangements, is shown. If you are suffering from any ailment consult your Chiropractors and get them to make a spinal analysis.

## The Best Possible

America while admittedly the most powerful in its influence, of all the great nations participating in the peace conference at Versailles, was not, by any means, the absolute dictator of the proceedings. America like every other nation of the more than a score participating, was compelled to accept compromises in order that the whole attempt did not collapse and result in failure. The recognition secured for American ideals is one of the outstanding and really remarkable results of the conference.

When we remember that America, practically alone among the nations represented and championed the new ideals, it seems little short of direct providential guidance that so great an advance was secured.

In order to secure the recognition and adoption of our ideals by the old nations of the old world it was inevitable that some compromises should be demanded by the other nations and granted by America. No reasonable man can expect more, no conscientious man, gifted with ordinary intelligence will dispute that statement.

It is inexcusable for any American to be stubborn in his insistence that every one of America's contentions be adopted, especially in view of the fact that, only a few short months ago, those who are now loudest in their complaint about the surrender of American ideals, were the most vociferous in their condemnation of the American peace delegates for attempting such an impossible and impractical task as urging old world nations to adopt American ideals.

We have not yet reached the millenium—every nation can't have its own way all at once and have peace and contentment in the world.

The test of the peace treaty and the League of Nations agreement is simple—are they the best agreements obtainable, not are they everything Americans desire. There is much of change remaining even after the League of Nations agreement becomes effective by ratification of the nations, to be desired in the government of old world nations, according to American standards but in international problems as in our domestic problems we must approach the desired state when all nations can and will stand on common ground, of America's choosing, by a series of compromises which guarantee progress and assure the permanence of each advance made.

## Approval is General

The assenting response of the people of Washington and Fayette county, to the progressive action of council, when last week it registered formal determination to go forward with needed public improvement, is evident on every hand.

Men can be found almost any day in groups congratulating themselves and each other on the prospect and expressing the most optimistic views of the future. Now that we have really "got going" there is no limit placed on the progress promised.

The feeling of encouragement is in the air—everyone seems relieved that that work is done, and done so well.

Those who object to the forward action taken are very few in number and find great difficulty in locating a fellow citizen who is at all in sympathy with their gloomy prophecies.

## A Real Genius

There are thousands of men who write for their own living and for the instruction and entertainment of the world. Some of them write splendidly—entertainingly and instructively—but there is a certain recognizable sameness in all of these literary productions. There is a sameness in the arrangement of the words, a sameness in the ideas, a sameness in the viewpoint.

To be sure they differ in style. The arrangement and the use of words to give expression to thought is done much better, much more pleasing, much more entertainingly by some than by others, but it is rare that a writer flashes across the zenith of the boundless literature of this very literary age who has a style and a way absolutely unlike that of any other writer.

Gerald Stanley Lee, writing in the current number of The Saturday Evening Post, is a real literary genius. He has a way of expressing himself all his own. He attracts the attention of the readers and holds it by his oddity of thought and expression.

His article this week on "Wilsonville" is worth while. It should be read by every American. It is a companion production to "Spineless Leagues and Faceless Nations" appearing some months ago.

Gerald Stanley Lee is one of those unusual writers who do not appear even with every generation.

## POETRY FOR TODAY

### THE YOUNG ONES

Lord, for the big things, the high things and great,  
For all the wise things, the glowing and bright;  
Praise, exaltation, as we bow at Thy gate—  
But, oh, for the young ones, the dear gift of light!  
The young ones, the dreamers,  
The bright-eyed and true,  
The dancers and gleamers,  
That save us when blue,  
That lift with their laughter,  
That lead us from care—  
Praise God forever,  
To Him goes our prayer!

Lord, for the childheart, the mild heart, the gay,  
The young ones, the smiling, the simple and sweet;  
Praise, exaltation, as we pause by the way,  
For it's oh, how the young ones have saved from defeat!  
The young ones, the lyric,  
The clean souled and brave,  
The rosy-cheeked revelers,  
That heal us and save;  
That bring us the summer  
That dower us with spring.  
The lighthearts forever  
As round us they swing!

Lord for the victory, the wisdom and justice,  
The manifest graces of love and of life,  
Praise be forever to Thy throne up lifted—  
But, oh, for the young ones, the head-ers of strife!  
The sunshiny sweethearts,  
Rompers and rasing us,  
The holy completeness,  
Teasing and facing us,  
The golden haired elfin ones,  
The hopeful and cheery;  
The laughter-dowered fairy ones,  
Gentle and eerie!

—Baltimore Sun.

## INCREASED FARE CAUSES TROUBLE AMONG BRITONS

London, June 13.—(Correspondence of the Associated Press, by Mail)—The question of the increase in the tramway fares and also those of the motor omnibuses has caused wide spread discontent here lately. In some instances the fares in London and the suburban districts have been raised more than one hundred per cent over those charged in pre-war days.

The result has been that public opinion has been worked up to such an extent that nearly every day London Members of Parliament are asking questions on the subject in the House of Commons and deputations are frequently seeking interviews with the London County Council and the omnibus companies concerned.

The first step toward the increase was the abolition of the half penny fare and latterly the reduction of the distance which could be traversed for the penny fare.

The companies declare that the increase is necessary to meet the extra expenses which have occurred by the workmen's demands for shorter hours and more pay. The public alleges that the additional cost of running is made by the extra fares taken since hostilities ended.

An interesting sidelight on this is provided by the accounts of the Glasgow Corporation Tramway in the next

largest city to London. The year that has just closed has proved a record for the city. Prior to the war the fares were the cheapest in the country and have since been maintained as before. The revenue for fares for the year 1918-19 totalled 1,500,000 pounds, an increase of 123,000 pounds over the year 1917-18. The number of passengers carried increased by over 33,000,000. It is stated in the report that 60 per cent of the increase came from the halfpenny fares.

## LONDON HOTEL KITCHENS FILTHY

(By Associated Press.)

London, June 19.—(By Mail)—The kitchens of London's hotels and restaurants are in many cases filthy places, according to Joseph A. Caals, secretary of the hotel, club and restaurant section of British Workers' Union. He says that in his twenty-five years' experience, he has never seen a sanitary inspector in a hotel kitchen.

"Waiters often carry teaspoons about in their pockets, never washing them properly, but just wiping them and putting them back again," he asserts.

BUCYRUS — The Crawford county commissioners voted unanimously to use brick on the four-mile road improvement between Bucyrus and Galion soon to be begun. When completed it will mean a road of brick more than 11 miles long east and west of Bucyrus.

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

One of the loveliest dinner parties of the summer was given by Miss Elizabeth Allen Friday evening, in honor of Mrs. J. L. Whittington, of Syracuse, N. Y.

The table was beautiful, with its centerpiece a great cluster of roses, carnations and swansonia. This pink and white color scheme was most effectively carried out in the place cards and in the decorations of the lights.

Four courses were served.

During the evening Mrs. Whittington, whose lovely voice has been much missed from Washington's musical circles, gave a selection of songs.

The honor guest was charming in a modish gown of white voile and lace, and Miss Allen was wearing black georgette relieved with a sash of peacock blue.

Assisting were Miss Harriette Allen, Mrs. Hamer McDole of Dayton, and Mrs. J. A. Johnson.

Covers were laid for Misses Hattie Montgomery, Lizzie Ellen Green, Dorcas and Ruth Waters, Harriette Allen, Muriel Miller, Mrs. Clark Coffey, Mrs. Whittington and Miss Allen.

Miss Cora McCafferty and Mrs. William R. Dalbey charmingly filled the role of hostesses at a suffrage tea Friday afternoon.

Thirty-three guests responded to the invitations and found both interest and pleasure in the occasion. Two splendid talks were made by Mrs. D. S. Craig and Miss Mary Robinson.

The McCafferty home was redolent with flowers, hydrangeas, sweet-peas and nasturtiums—in tasteful arrangement and a refreshing summer collation was served.

Assisting in the hospitalities were Mesdames, H. W. Wills, Walter Hays, Ola Boyer.

Mrs. H. H. Rodgers of Norwood, O.

and Miss Elizabeth Swink of Middletown, were out of town guests.

The big Victory Parade of which General Pershing is the central figure, in London, England, Saturday was tinged with local interest from the fact that boys well known here are in it. Among them in the Composite Regiment of the Third Division is Sgt. James Ducey, of this city, with Marines and Sergeant Logan Herbert, son of Mrs. Luella Herbert now of Columbus.

The statement has been recently given out through news papers columns that every man in this regiment has received a citation for bravery.

This regiment engaged in a similar parade in Paris on the 14th of July.

Members of the Pocahontas Lodge Wynette Council No. 78 enjoyed a social session Friday evening at their rooms following initiatory work.

Tempting refreshments were served.

Complimenting Miss Virginia Campbell's guests, Mr. A. F. Kyte and Mr. Walter Ireland, of Chillicothe entertained with a swimming party and dinner at "The Cottage" Friday at North Fork, below Chillicothe.

In the party motoring down from here were Mr. William M. Campbell, daughter, Miss Virginia, guests, Miss Sara Stewart, of Baltimore, Md., Miss Helen Buckley of Holyoke, Mass., Miss Helen Baker and Mr. Maynard Craig.

Misses Leona Cheek, Edith Blackburn and Beulah Boncutter entertained with a six o'clock dinner, Friday evening at the Cheek home, in honor of Misses Betty and Mae Welsh of Greenfield.

Pink and white roses adorned the table, and the same color scheme was carried out in the menu served.

The following announcement in the Cincinnati Enquirer will be read with much interest by the many Washington friends of the prospective bridegroom, formerly making his home here and a brother of Mrs. C. L. Clemmens.

"Announcement of the engagement of Miss Esther Coyner, daughter of Mr. and Mrs. E. G. Coyner, of Smith road, to Irl H. Sheppard, of Ft. Thomas, Ky., formerly of Norwood, was made to fifty guests at a garden party Friday evening at the Coyner residence. The affair was in the nature of a welcome home party in honor of Mr. Sheppard, who recently returned from overseas. The place made a festive appearance with its many Japanese lanterns and balloons. Games and dancing were the diversions of the evening, after which an attractive luncheon was served under the trees. Decorations and favors were in patriotic colors. The wedding of these two well-known young

people is to take place in the early fall.

### COOKING RECIPES

Quick Parker House Rolls

One cake yeast, one and one-quarter cups milk, one tablespoon sugar, pinch salt (generous), one tablespoon lard, one tablespoon butter, four cups flour, one egg.

Dissolve sugar and yeast in lukewarm milk scalded and cooled; let stand twenty minutes; add shortening and two cups flour; beat thoroughly; add well beaten egg, and balance of flour and salt; let rise two hours after kneading very lightly, using as little flour as possible. When light, form in biscuits and let rise half an hour; bake ten minutes in hot oven.

Pineapple and Cucumber

Gelatin Salad

One-half package gelatin, one cucumber, half can pineapple, sugar to taste, pinch salt, paprika.

Place in large or individual molds. Serve on lettuce with the following dressing: One cup sour cream, two eggs beaten light and stirred into cream two tablespoons sugar, one tablespoon mustard, one table spoon flour, butter size of egg, salt and pepper, half teacup diluted vinegar, paprika. When mixed, scald, but do not boil. Beat well and cool.

Meat Loaf

One pound ground beef, small piece suet, stale bread, three eggs, salt and pepper, small piece butter.

Take one pound of ground beef with suet mixed through; salt and pepper; add stale bread ground fine; mix with one egg and small piece of butter. Mold into loaf. Make incision in top and place two hard-boiled eggs in carefully kneading together so as to cover the eggs. Place in roaster and bake slow for one hour. This roast looks very pretty when carved with slice of eggs in center. Also fine to carry for picnic lunch. Garnish with lettuce leaves, sliced cucumbers or beans.

### NEW BUILDINGS ARE DEDICATED

(By Associated Press.)

Tokio, June 10.—(By Mail)—The six new buildings of St. Paul's college at Ikebukuro, near Tokio, erected by the Episcopal church of the United States were dedicated the other day. The Rev. Charles S. Reifsnider is president of the college. The most notable men of Japan attended the ceremonies and delivered speeches.

The plan of the campus is after that of Oxford University and promises to have the same beauty of outline and setting of the famous old English seat of learning, Morris Hall, the main building is so called in memory of Rev. Arthur Morris, who spent many years of his life in Japan in mission work. Most of the money for the erection of this building came from his estate in the United States.

Mather Hall, the library and administration building, is named for Samuel Mather, of Cleveland, Ohio, who gave the money for the erection of the building.

NAP COSTS HIM ROLL

Columbus, Ohio, July 19.—It cost Andrew King, Raleigh, N. C., a discharged colored soldier from Camp Sherman, \$135 to enjoy a brief nap at the Union Station early Thursday morning. King, who says he fell asleep in a taxicab at the station, declares the money was stolen while he was asleep. He suspects another soldier who was discharged at the same time.

POPE EXPRESSES HIS JOY

Rome, July 19.—Pope Benedict has addressed to the bishops of Germany a letter expressing joy over the removal of the blockade. The letter recommends an attitude of Christian charity be taken towards the question of reparation for war damages.

Poverty brings many strong land-ords.

Baseball fans at Wilmington are expecting a real game Sunday when the Clintons tie up with the Springfield White Sox. The Springfield team played a ten inning game with the Clinton county athletes sometime ago and lost in the extra frame by a single marker. It is not announced as who will do the mound duty for the Clintons but it is thought that some classy material will be imported.

## WILSON REVIEWS CZECH VETERANS

(By Associated Press.)

Washington, July 18.—Lashed and soaked by a driving rainstorm, a thousand Czech-Slovak veterans of the World War, invalided home from fighting in Siberia, paraded up Pennsylvania Avenue late today and were reviewed by President Wilson, in front of the White House, who delivered a short address congratulating them on their achievement.

The veterans, who came across the Pacific on their way homeward, and who will sail from Newport News Sunday on their way to Bohemia, arrived early today on special trains and were quartered at Camp Meigs.

## GREAT FOREST FIRES SPREAD TOWNS CUT OFF

Hundreds of Millions of Feet of Fine Lumber Burned.

(By Associated Press.)

Spokane, Wash., July 19.—Forest fires which have been burning a week over several hundred square miles in northern Idaho and western Montana continued to spread today although 3,000 men were fighting the flames. Hundreds of millions of feet of standing timber have been burned and at least three small towns in Montana are threatened.

A report early today stated Gilt Edge, a hamlet, was menaced by the flames. Another report said Alberton was safe for the time being but not out of danger. St. Regis, was reported hemmed in by fire with communication cut off.

## OFFER REWARD FOR NEGROES

(By Associated Press.)

Washington, July 19.—The sixth attack by negroes on white women in the streets of the national capital was reported today.

In this case the assailants were frightened away but in four other cases the victims were injured. Rewards of more than \$2,000 raised by private subscriptions have been offered for arrest of the culprits.

At administrator's sale Saturday afternoon the Jonah S. Marchant farm was sold by the executors to Frank Theobald at \$188 per acre.

The farm contains 211.62 acres and is located in Green township. It is said to be an unusually good one, having modern improvements and possessing a great amount of tiling. The appraised value of the farm was \$200.

## HOUSE AGAIN DEFEATS RIDER

(By Associated Press.)

Washington, July 18.—Renewed attempts of House Republican leaders to repeal the daylight saving through a rider to the 1920 agricultural appropriation bill were defeated in the House today when Republican opponents of repeal joined with the Democrats in voting to eliminate the repeal provision.

Immediately afterwards, without a dissenting vote, the agricultural bill carrying \$33,900,000, was passed and sent to the Senate.

The final vote on the rider was 203 to 171.

## ATTY. GEN. RULES ON STATE LEVY

(By Associated Press.)

Columbus, O., July 18.—The direct state levy which was increased from three to five tenths of a mill is the only part of Bushey-Fouts highway bill that became effective June 13, when the measure was filed with Secretary of State Smith. It was held by Attorney General Price in an opinion today to the State Tax Commission. The county levies are not effective for ninety days and the sections providing for them are subject to referendum. Price held.

## AMERICAN KILLED BY MEXICAN BAND

(By Associated Press.)

New York, July 18.—A freight embargo on coastwise traffic was announced today by the coastwise steamship companies operating under federal control as a result of a strike of seamen and engineers along the Atlantic and Gulf coasts.

The order for the embargo was forwarded to shipping points by the United States Railroad Administration.

## ADVISORY BOARD BLAMES GOVERNOR

(By Associated Press.)

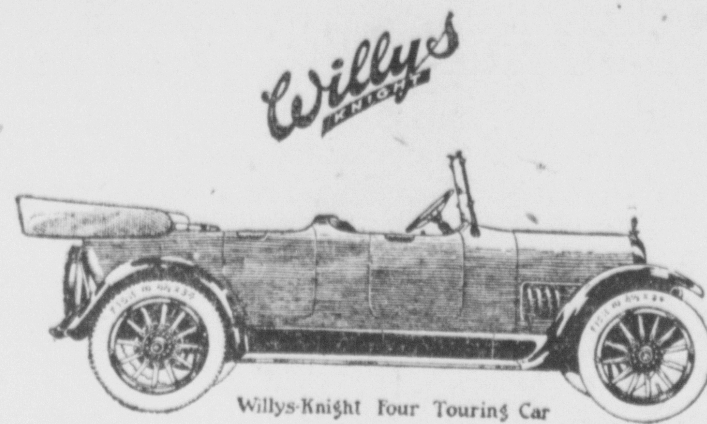

Columbus, O., July 18.—The Republican State Advisory Board issued a statement tonight in which it blamed Governor Cox for the threatened strike of state industrial commission employees. This statement was immediately followed by a statement from Democratic State Headquarters and T. J. Duffy, chairman of the Industrial Commission, which asserted the Republican majority in the Legislature must shoulder the responsibility. It is admitted on both sides that the industrial commission employees are underpaid.

## OHIO WILL PROBE FOR DISLOYALISTS

(By Associated Press.)

Columbus, O., July 18.—Ohio is to have a state-wide probe of disloyalists it was indicated today when Lieutenant Governor Brown issued a call for a meeting of the Americanization Committee of the State Legislature to be held in the near future. Disloyal utterances and acts prior to and during the war will be thoroughly investigated by the committee, according to the Lieutenant Governor.

Willys-Knight Four Touring Car

## "Sleeve-Valve, the Motor that Improves With Use"

**L**ONG SERVICE merely develops greater smoothness and greater power in the Willys-Knight Sleeve-Valve Motor. The enthusiasm and high regard which Willys-Knight owners have for their cars is due chiefly to this extraordinary fact. The Willys-Knight Sleeve-Valve Motor *improves with use*.

To this outstanding reason for its great popularity is added its *quietness of operation*. Two sleeves in each cylinder, gliding one within the other in a film of oil between cylinder wall and piston, move *quietly* and effectively. They accomplish intake and exhaust of gas without the clashing of steel cams or noisy seating of valve heads.

The action of the sleeve-valve is positive at all speeds. There are no springs to weaken and give faulty seating. Carbon, instead of causing pitting and leakage, helps to seal the ports more closely, producing better combustion and a saving of fuel.

Thus, greater *power*, more *flexibility* and *less complication*, resulting from Willys-Knight Sleeve-Valve design, make the Willys-Knight a car which becomes more and more a source of pride and satisfaction the longer it is driven.

"Once a Willys-Knight owner, always a Willys-Knight owner"

### PLAN FIVE MONTHS SCHOOL IN LONDON

Announcement is made that unless financial relief is furnished by recourse to the law permitting up to two mills levy for school purposes, the London schools must close after five months session next winter.

The funds available unless additional funds are provided by vote of the people, are barely sufficient to carry the schools through five months even when rigid economy is practiced. It is announced from the Madison county metropolis.

Mayor Cordin reports police court business almost ruined since London went dry along with the rest of the country on May 24. Since that time

only one drunk has been registered at the city bastille and that was during the week following the adoption of the dry regime. During the twenty days preceding May 24, there were forty-eight arrests for drunkenness. It must be a very difficult thing to get drunk, where there are no intoxicants to be had.—London Democrat.

### LARGE AUDIENCE AT ROGERS PARK

Friday night's entertainment at Rogers' park was attended by the largest crowd of the season, and one-third of the crowd was from this city.

The evening was perfect and the beautiful grounds of the park never appeared to better advantage.

A new stand for the Orchestra located in front of the motion picture booth was occupied by Price's Orchestra, which furnished music throughout the evening.

A high class feature film entertained and audience of 500 persons until 10:30 o'clock.

Plans are being made for additional attractions for next Friday night.

Quite a number of persons motored to the park early in the evening and ate picnic suppers under the giant oaks nearby. This phase of the entertainments promises to grow more popular as ideal facilities for picnicking are offered.

### PREPARING FOR THE ANNUAL FAIR

In preparation for the county fair to be held the 13-15 of August, the Fayette county fair grounds is being put in shape for the huge crowds which are expected to attend.

Many of the buildings are being painted and are undergoing repairs where needed. Several days will be required to complete the work.

It is understood that the Board will erect additional seats about the trees on the grounds to better accommodate the crowds.

### ARTIFICIAL LEG FACTORIES BUSY

(By Associated Press)

Bucharest, June 12. (By Mail)—Artificial leg factories have been established under American auspices in Bucharest, Belgrade and Athens. In these workshops the latest models of American legs are made for the war wounded under the direction of American workman. In all Rumania, Serbia and Greece native workman are being taught the latest American methods of manufacture.

### TO CARRY SHIP'S PAPERS BY PLANE

New York, July 19.—An experiment in the delivery by airplane of ship's papers from this port to outgoing vessels is planned in the near future by the Postoffice Department. It was announced today by Postmaster Patten. Previous demonstrations in which flying boats have dropped pouches on

the decks of liners while many miles out from port have convinced officials of the practicability of releasing a ship immediately on loading and not awaiting for the papers to be fully prepared. These papers it is pointed out could be delivered by airplane while the ship was at sea and thus many hours and considerable money would be saved.

### WHO WOULDN'T BE CHAMPION OF THE WORLD?

Jack Dempsey, new heavyweight king, and bevy of Mack Sennet bathing girls, photographed since Jack won title.

These bathing beauties gave Champion Jack Dempsey one of the heartiest welcomes and congratulations that he has received since winning the title. The girls who are touring with a comic film left the theater where they were scheduled to appear just so they might give their personal greetings to the new champ. But there's a reason—it is because Jack looked like somebody from home to them, for they had met him out at their playgrounds on the California beaches last year before he became so very famous and before they left their sunny clime to tour in the chilly north. The girls were all betting on Jack to win, they told him, when they met him in Toledo.

## "When Can I Get

*That is The Inquiry Men Now Make Concerning The Light Weight Quality Car*

## AN ESSEX?"

No industry has equaled the automobile for its surprises. And judged by the way people everywhere have taken to it, no car has equaled the Essex in the quickness with which it has gained its leadership.

### Some Say Advertising Did It

There is a measure of truth to that. But the advertising was not of the usual type. The Essex received the kind of advertising that is always effective. No product has been advertised as it has been that has not become a favorite.

Its advertising has been the voluntary praise of tens of thousands who recognize Essex qualities.

Just as it has never been necessary to stimulate a want for an automobile because its utility is recognized by everyone, so it has not been necessary to more than call attention to the Essex.

### Six Million Motorists

Six million American motorists have rather definite perceptions of their ideal car. The Essex seems to have met the ideal of many thousands of that number. It is evident on every hand. You hear favorable mention of the Essex wherever the subject is discussed.

The Essex is so well advertised because it fills the want so many people have long entertained.

Everything you hear about the Essex is what motorists think of it. At first only impressions such as came from a store room view and a short ride were given. But those views were all to the advantage of the Essex.

Now thousands of owners know from daily service just how good a car the Essex is.

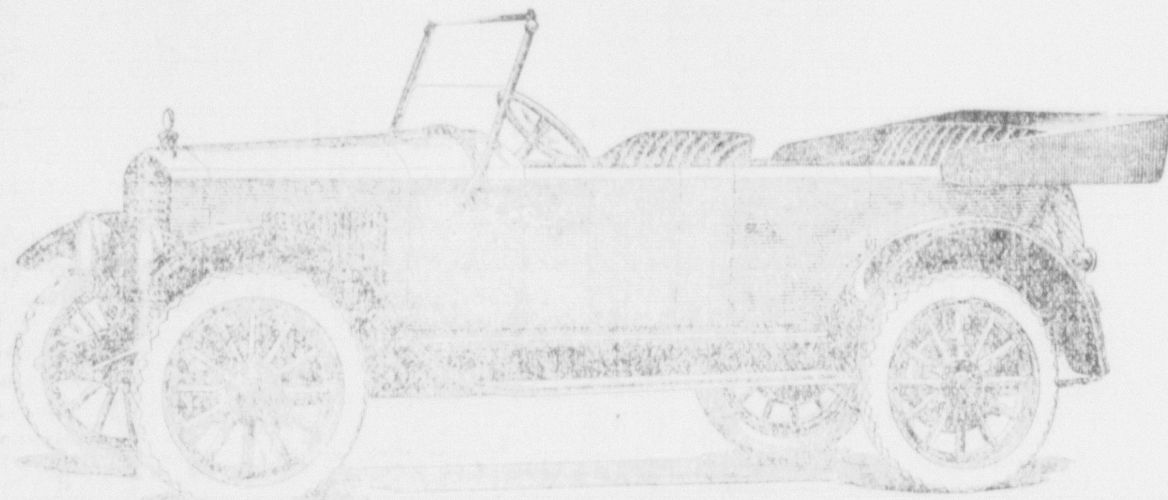

### So the Matter Of Delivery Is All

That is about the only question buyers now ask.

Factory production is now steadily increasing. It is close to a hundred cars a day. Buyers must have some patience. They must not expect to get an Essex off the floor whenever they may decide to buy. Wanted articles are not usually so easily obtained.

All dealers are forced to enter orders and make delivery in rotation. The man who buys to-day will get his Essex sooner than he who delays.

But isn't it worth while to take one's turn in buying such an important article as an automobile, and especially when the car is so universally praised as is the Essex?
